Pick O' The Month

*The Shadow Effect*

Illuminating the Hidden Power of Your True Self

by

Deepak Chopra, Debbie Ford, Marianne  
Williamson

The shadow exists within all of us. Until we are able to embrace our dualistic nature, we will continue to hurt ourselves and those closest to us and fall short of our potential. ***The Shadow Effect*** is a practical and profound guide to discovering the gifts of our shadow. These three authors powerfully pierce the veil of our unclaimed self, releasing us from the past and propelling us on a journey to wholeness.
